## About Me

---

Hi, my name is Haris Kostantis and I'm a student in the Department of Informatics at Ionian University.

I am most skilled in: Javascript and CSS

## Projects

---

### Bachelor Thesis

*This is what I'm currently working on for my thesis.*

I'm developing an

archaeological

Database with

**Ionian University**

Information Technology

is 2015 - Present

interesting

and i have

learned a lot

of new skills.

## Education

---

During my time at Ionian University I have learned a lot of new things which will be useful for me in the future.

## A Little More About Me

---

I like playing football and going long adventures in the forests.
